### MAAX WORLD CHAMPIONSHIP FOOTBALL PROMOTION

When the World Championship Football starts next week, the whole world will be focusing on this event. We have asked the famous University of Barneveld in the Netherlands to interview 2,500 spa owners in Europe to reveal their wildest needs during this event.

Their most important wish was to use their spa immediately after each match to relax in the same way the players will be doing. Their second demand was to have a luxury barbecue next to their spa, not only to prepare delicious food, but also to be able to rapidly extinguish any unfortunate fire!

So, Interhiva as the exclusive distributor of MAAX spa's and Nexgrill barbecues is making you the following World Cup offer:

With every spa you order during the World Championship football we give you one NEXGRILL barbecue model 720-0549 S+ for free (retail price of this NEXGRILL is € 799,00).

See the separate pdf for the specifications of the Nexgrill barbecue.

As long as the football players are active at the South-African tournament you have the opportunity to sell more spas and to turn your customers into very happy people!
