

### Pricing and limited discount on stock models

The window of opportunity is getting smaller, but until further notice spas will still be available for ordering at 2011 prices. On top of that, we are clearing our warehouse to stock the 2012 models, with the latest features. This means we will be offering our stock models with an additional discount. Please contact us for more information about discounts on stock models.

### Introducing the R61 and R50 Lifestyle Spas by MAAX Spas

We are happy to introduce a new member to the MAAX Spas family. The Lifestyle Spas are a great addition, combining quality with a very competitive pricing of these roto-moulded products. These entry level spas will give you the opportunity to generate more traffic online as well in your store. Interested? Please contact Francoise @ [fvansanten@interhiva.nl](mailto:fvansanten@interhiva.nl) for (tailored quantity) pricing and shipping details and [click here](#) for more details.

### Closure Warranty Requests 2011

Please be advised that due to the annual inventory check and closing of the financial year we need to get all Warranty Requests of 2011 in before December 1st. Warranty Requests with date of service before December 1 will no longer be valid if they are filed after December 1. Service calls made in December 2011 will be honoured in 2012.
