

**It's that time of year again, FREE ACCESSORIES WITH EVERY SPA!\*\***

Once again we like to support you by supplying a free set of accessories with every spa ordered from May 1st up to May 31st.

As we know, inquiries for spas increase in this time of year and we hope this promotion will give your spas sales an extra boost when most needed.

\*\*Promotion not valid on already existing orders.

**Moisture barrier for filters**

All spas ordered after April 1st will be fitted with plastic wrapped filters, to ensure they are moisture free when being installed. Please make sure that the plastic wrapping is removed before filling and powering the spa.

**Change in heater on 1-pump California Cooperage spas**

California Cooperage models; 102, 103, 104, 170 and 171, produced after March 1st, are fitted with a 2kW heater. This allows an easier 'plug and play' solution for home owners who do not have a 16 Amp single available. The 2kW heater allows the spas to run on a 13 Amp circuit breaker. For more information please contact Gerben @ [gvanharten@interhiva.nl](mailto:gvanharten@interhiva.nl)
